

22nd January 2018

Dear Sirs

Re : Allotment plots at Gwithian Road, Connor Downs

As you may be aware the Parish Council has a cemetery and allotment plots at Gwithian Road, Connor Downs.

We have two large allotment plots (21 & 22) which have become vacant. We are looking to change the use of these to increase the space for the cemetery.

The plots have remnants of sheds, water storage tanks, established trees which will need to be dug up and left on site, and general allotment items which would need to be disposed of correctly. We would like a quote to clear the site and strim so that we can then look to grass seed the area.

This is a photograph of the site which were taken in June 2017

Here is an arial view of the site as shown on google maps, the rough area to be cleared is outlined in red

The allotment has a padlocked gate, if you would be interested in quoting for this job and require access to the site, please contact the office on 01209 614618.

We would like quotes to be returned to the Parish Office by **Friday 18th February 2018.**

If you need any further information or would like to discuss, please do not hesitate to contact me.

We look forward to hearing from you,
Yours sincerely

Mrs Vida Perrin
Clerk to Gwinear-Gwithian Parish Council
